

Anisha Shrestha

Data Scientist • Synthetic Profile P06

Kathmandu, Nepal | anisha.shrestha.test@example.com | +977 9800000006

PROFESSIONAL SUMMARY

Data science graduate with practical experience in exploratory data analysis, machine learning, statistical modelling, Python, and predictive analytics. Interested in entry-level Data Scientist and Machine Learning roles.

CORE SKILLS

Python	Pandas	NumPy
Scikit-learn	TensorFlow	Machine Learning
Deep Learning	SQL	Matplotlib
Statistics	Jupyter Notebook	

EDUCATION

Bachelor of Data Science

National College of Computing • 2022–2026

PROFESSIONAL EXPERIENCE

Machine Learning Intern — AI Research Nepal

Feb 2026 – Jul 2026

- Prepared datasets for machine-learning experiments.
- Developed and evaluated classification models.
- Performed exploratory data analysis and feature inspection.
- Compared model performance using standard evaluation metrics.
- Documented experimental methods and results.

SELECTED PROJECT

- Customer Churn Prediction — built classification models in Python, compared multiple machine-learning algorithms, and evaluated predictive performance.

CAREER PREFERENCES

Preferred locations: Kathmandu / Remote

Preferred job type: Full-time

Salary expectation: NPR 50,000–75,000 per month
